About Trimetis

Trimetis is an international Consulting, IT-services and Sourcing Company. Established by senior experts with a long track record in large international consulting firms, the group is focused on delivering high-quality services for clients around the globe, with a special focus on Central and Eastern Europe. Our customers are global top brands across various industries, and we help them developing top products with latest technologies.

For our operations in **Lublin** we are currently looking for smart professionals in the field of

Product Owner [m/f]

Your tasks

You will be part of a talented team that works on mission-critical applications.

Your main focus area will be:

- ❖ Definition and specification of new features for our Security Services in web application development
- ❖ Maintain the product backlog and assist Product Management to translate product vision and strategy and feature objectives into actionable product features
- ❖ Work closely with Product Managers, Software Architects, UX Designers, Developers and QA to translate high level requirements into User Stories and review their implementation
- ❖ Developing mockups together with UI/UX Designer
- ❖ Control, validation and prioritization of requirements management
- ❖ Service the product-backlogs including prioritization and release-planning
- ❖ Approve and present newly developed features
- ❖ Organizing the strategic development roadmap

Your qualifications

- ❖ 3+ years professional work experience as Product Owner or Business Analyst
- ❖ Prior experience in agile environments in the role of a Product Owner is an advantage
- ❖ Fluent English language skills (both verbal and written)

- ❖ Collaborative and team player, can do attitude
- ❖ Interested in IT-security
- ❖ Creative and forward thinking with excellent communication skills
- ❖ Open-minded personality, hands-on attitude and passionate about interacting with multi-national stakeholders

What you can expect from us

- ❖ Working at the cutting edge of Software Development
- ❖ International clients with challenging projects
- ❖ International software development teams with distributed delivery groups
- ❖ Possibility to work abroad, in case desired (optional offer)
- ❖ Favourable working atmosphere in an expanding company
- ❖ Attractive remuneration
- ❖ Flexible working hours
- ❖ Private healthcare
- ❖ Business English lessons (during working hours)
- ❖ Integrational meetings & events
- ❖ Multisport card
