About Trimetis

Trimetis is an international Consulting, IT-services and Sourcing Company. Established by senior experts with a long track record in large international consulting firms, the group is focused on delivering high-quality services for clients around the globe, with a special focus on Central and Eastern Europe. Our customers are global top brands across various industries, and we help them developing top products with latest technologies.

For our operations in **Lublin** or **remotely** we are looking for smart professionals in the field of:

Java Software Developer

Your tasks

You will be part of an international software team that works on mission-critical applications. You will be responsible for Java/Java EE application development while providing expertise in the full software development lifecycle, from concept and design to testing.

- ❖ Design and develop high-volume applications using Java SE and J2EE, delivering high-availability and performance
- ❖ Contribute in all phases of the development lifecycle
- ❖ Write well designed, testable, efficient code
- ❖ Ensure designs are in compliance with specifications
- ❖ Support continuous improvement by investigating alternatives and technologies and presenting these for architectural review
- ❖ You contribute actively in team meetings

Your qualifications

- ❖ Bachelor degree in Computer Science, Computer Engineering or relevant experience
- ❖ At least 2 years of experience working as a Java / JEE programmer
- ❖ Good Java programming skills (JEE, JSE) including multi-threaded applications
- ❖ Knowledge of relational databases, SQL and ORM technologies (JPA2, Hibernate)
- ❖ Knowledge of at least some of the following technologies: J2EE / JEE, EJB3, Spring, JSP, Servlets, Applets, JavaScript, XSLT or related
- ❖ Knowledge of at least a few of the following tools: Hudson / Jenkins, Sonar, Maven, Ant, MKS, GIT

- ❖ Knowledge of typical design patterns
- ❖ Good English language skills
- ❖ An additional advantage will be: knowledge of German language, knowledge of agile project management methodologies (SCRUM)

What you can expect from us

- ❖ International clients with challenging projects
- ❖ Labour or B2B contract
- ❖ Enthusiastic work atmosphere, good team-spirit
- ❖ International software development teams with distributed delivery groups
- ❖ Attractive remuneration
- ❖ Flexible working hours
- ❖ Medical and sport benefits or adequate compensation for them
- ❖ Business English lessons
- ❖ Pizza days in the Lublin Office, integrational meetings & events
